

Product Specification Sheet

Confidence™ Controlled Drugs Cabinet (h)550 x
(w)500 x (d)300 mm

Product code: CDC550/500

Pack Size: 1

Size: (h)550 x (w)500 x (d)300 mm

Product Summary

- **Size and Dimensions:** With dimensions of 550mm x 500mm x 300mm, this cabinet offers ample space for secure drug storage.
- **Wall Fixing:** Ensure stability and security with 4 x 10mm x 75mm long sleeve anchors provided for wall mounting.
- **Adjustable Shelves:** Organize with ease using the two height-adjustable internal shelves, providing flexibility in storage.
- **Single Point Locking:** Enhanced security features include a single-point locking mechanism, with one lock and three keys supplied.
- **BS2881:1989 and Misuse of Drugs Act Compliance:** Conforms to British Standards, including the Misuse of Drugs Act 1973 and BS2881:1989, ensuring regulatory adherence.
- **Robust Construction:** Crafted from 1.5mm thick cold-reduced mild steel sheet, featuring 3mm thick anchor plates and a fully welded construction for durability.
- **Anti-Jimmy Folded Return:** Enhanced security with an anti-jimmy folded return along the hinge side of the door.
- **High-Security Lock Cylinder:** The 6 Pin Euro-profile cylinder lock is independently tested to meet BS: EN1303:2005 standards, offering anti-pick, anti-drill, anti-bump, and fire-resistant features.
- **Key Retention:** The key cannot be removed when the door is open, meeting the highest security standards.
- **Mortise Deadlock:** A hardened steel mortise bolt with anti-saw facility and a 14mm deadbolt throw adds an extra layer of security.
- **Sleek Finish:** Polyester powder-coated in Ral 9003 (White) Gloss for a polished appearance.
